Hammamet, 28 June 2023: ANOCA has signed an agreement with the Zambia Olympic Committee and the National Olympic Committee of Cape Verde for the construction of new headquarters for both NOCs.

ANOCA President Mustapha Berraf signed the agreement in company with the ANOCA Secretary General and Treasurer General, who also appended their respective signatures. President Alfred Foloko signed on behalf the ZOC, meanwhile President Filomena Fortes did it on behalf of NOC Cape Verde.

The ceremony took place on the morning of 28 June 2023 and was presided at by ANOCA President, the Honourable Mustapha Berraf, who confirmed that: «**Over 20 African NOCs have applied for the construction of modern headquarters to help provide quality services for the good of sport and Olympism in Africa.**»

For the 2022 financial year, 9 NOCs submitted applications and a further 13 NOCs will be added in 2023. The applications are generated on the RELAY platform and forwarded to the NOCs to be completed on the basis of the criteria established by the Project.

The NOCs headquarters construction project is an initiative of ANOCA, which was proposed by President Mustapha Berraf and approved by the ANOCA General Assembly after the outbreak of Covid-19 pandemic. The project, for which the NOCs that so desire must apply, is coordinated by ANOCA Treasurer General, Engr Ahmed Abu Gumel who, at the signing ceremony, remarked that the project is driven by the innovative proposals of the President of ANOCA, the Honourable Mustapha Berraf, the backing of all ANOCA Executive Committee members and the commitment of the NOC Presidents.

The NOC of Eswatini has completed the construction of its headquarters thanks to funding received from ANOCA. Procedures are underway for the others who have come forward.
