## **LIBYA FLOODS**

# **ANOCA STANDS WITH THE FAMILIES OF THE VICTIMS**

**L**ast weekend, torrential rains caused devastating floods in eastern Libya, as two dams gave way under the pressure of water, resulting in extensive material damage and thousands of deaths.

Particularly hard hit by this natural disaster was the Al Jabal Al Akhdar region, made up of several towns including Al Bayda, Sousse, Chabat and Darna, a coastal city with a population of 100,000.

In these sad circumstances, the African Olympic and Sports Movement stands in **SOLIDARITY** with all the Libyan people. ANOCA Executive Committee members hereby express their sympathy to the families of the victims and, above all, to the Libyan Olympic and Sports Movement.

The 53 National Olympic Committees of Africa are also appalled and shocked by this tragedy, and hereby extend their heartfelt condolences to the athletes and officials of Libyan sport.

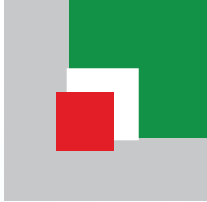

For ANOCA, this tragedy is a moment of mourning, prayer and compassion. Honourable Mustapha Berraf, President of ANOCA:

***“My deepest condolences to the brotherly people of Libya following the devastating floods that have hit the country. My heartfelt thoughts go out to the bereaved families, my best wishes for a speedy recovery to the injured and my deepest sympathy to the Libyan state authorities”.***

Our thoughts are with the authorities and all the Libyan people, who can count on ANOCA’s unfailing support.

*My deepest condolences to the brotherly people of Libya following the devastating floods that have hit the country. My heartfelt thoughts go out to the bereaved families, my best wishes for a speedy recovery to the injured and my deepest sympathy to the Libyan state authorities.*
