PRESS RELEASE

INTERNATIONAL OLYMPIC COMMITTEE

ASSOCIATION OF NATIONAL OLYMPIC COMMITTEES OF AFRICA

AFRICAN SCHOOL GAMES

Under the most distinguished patronage of His Excellency Abdelmadjid TEBBOUNE, President of the Republic, the maiden African School Games will be held from 26 June to 5 July 2025 in Sétif, Constantine, Skikda and Annaba.

A historic event for African sport, the Games will provide an opportunity for discussions that will guide major Olympic sport development strategies on the continent, while at the same time allowing for budding talent identification in Africa. The Games will bring together the cream of young African student athletes, elite coaches and technicians, and iconic figures who have left their mark on African Olympism.

It is a unique opportunity to celebrate the excellence and the dedication of African sport stakeholders, particularly those who would have distinguished themselves at this first edition of the African School Games, which Algeria is hosting following the esteemed approval of H.E. the President of the Republic.

The African School Sports Games, a key event for the future of African sport, aim to:

- **Promote sports practice among the younger generation;**
- **Identify future African talents;**
- **Encourage Olympic values and fraternity among African champions.**

In the run-up to the Games, a Chefs de Mission meeting is scheduled for 19 and 20 May 2025, and will provide an opportunity to present the challenges, expectations and prospects of this major event. This meeting will highlight the strategic impact of the Games on the structuring of the African Olympic and Sports Movement and the promotion of Olympic values across the continent.

We cordially invite the representatives of the national and international media to the press conference organised for this purpose, and ensure them of an equally cordial reception.
