FORUM GED ZONE VI DE L'ACNOA

VICTORIA FALLS, CARREFOUR DE L'ÉGALITÉ DES GENRES DANS LE SPORT AFRICAIN

Zimbabwe hosted the ANOCA Zone VI Gender Equality and Diversity (GED) Forum from 2 to 5 June 2026, as the ten Southern African NOCs committed to measurable gender equality goals in sport across the region.

A HISTORIC REGIONAL GATHERING

Victoria Falls, a symbol of Africa's natural grandeur, provided the setting for one of the most strategic meetings on the Zone VI sports calendar. Organised by the Zimbabwe Olympic Committee (ZOC) in partnership with ANOCA and Olympic Solidarity, the GED Forum brought together representatives from all ten Southern African NOCs: Angola, Botswana, Eswatini, Lesotho, Malawi, Mozambique, Namibia, South Africa, Zambia and Zimbabwe.

The opening ceremony on Wednesday, 3 June, featured addresses by ZOC Vice-President, Fredreck NDLOVU and the ANOCA Zone VI Secretary General Maxwell JELE, who underscored the crucial role of Olympic

Solidarity as a tool for achieving regional objectives. Officially opening the forum, the Honourable Emily JESAYA, Zimbabwe's Deputy Minister for Sport, Recreation, Arts and Culture, set the tone by stressing the need for measurable delivery on gender equality commitments.

TWO DAYS OF INTENSIVE DELIBERATIONS

Under the theme "***Setting the Agenda and Building the Action Framework***," the two-day programme covered a wide range of topics. Day one featured an update on the ANOCA Zone VI GED Commission's progress and expectations, presented by Commission Chair Ms Hazel Matemba; a review of progress on the Johannesburg Declaration and the AUSC Region 5 Action Plan; and presentations on women in decision-making roles, the portrayal of women in sport, and safe sport

systems encompassing safeguarding, reporting, and accountability frameworks.

The day concluded with a GED Action Plan Clinic facilitated by Ms Nomsa DZAMBO, during which NOC teams began the diagnostic phase of their Gender Equality Action Plans.

Themed "***Turning Priorities into Commitments, Partnerships and Follow-up***", day two addressed the operational aspects of gender equality: funding for women's sport, safe and inclusive access to facilities, athletes' welfare – including maternity rights and health policy - and digital safety for female athletes and leaders against cyber violence and online abuse.

NOC GED ACTION PLANS

The highlight of the second day featured presentations of GED Action Plans, with each delegation tabling its official commitments: targeted priorities, allocated budgets, monitoring indicators and accountability mechanisms. These plans are the first tangible deliverables of the Forum, which will serve as roadmaps for national implementation within each NOC.

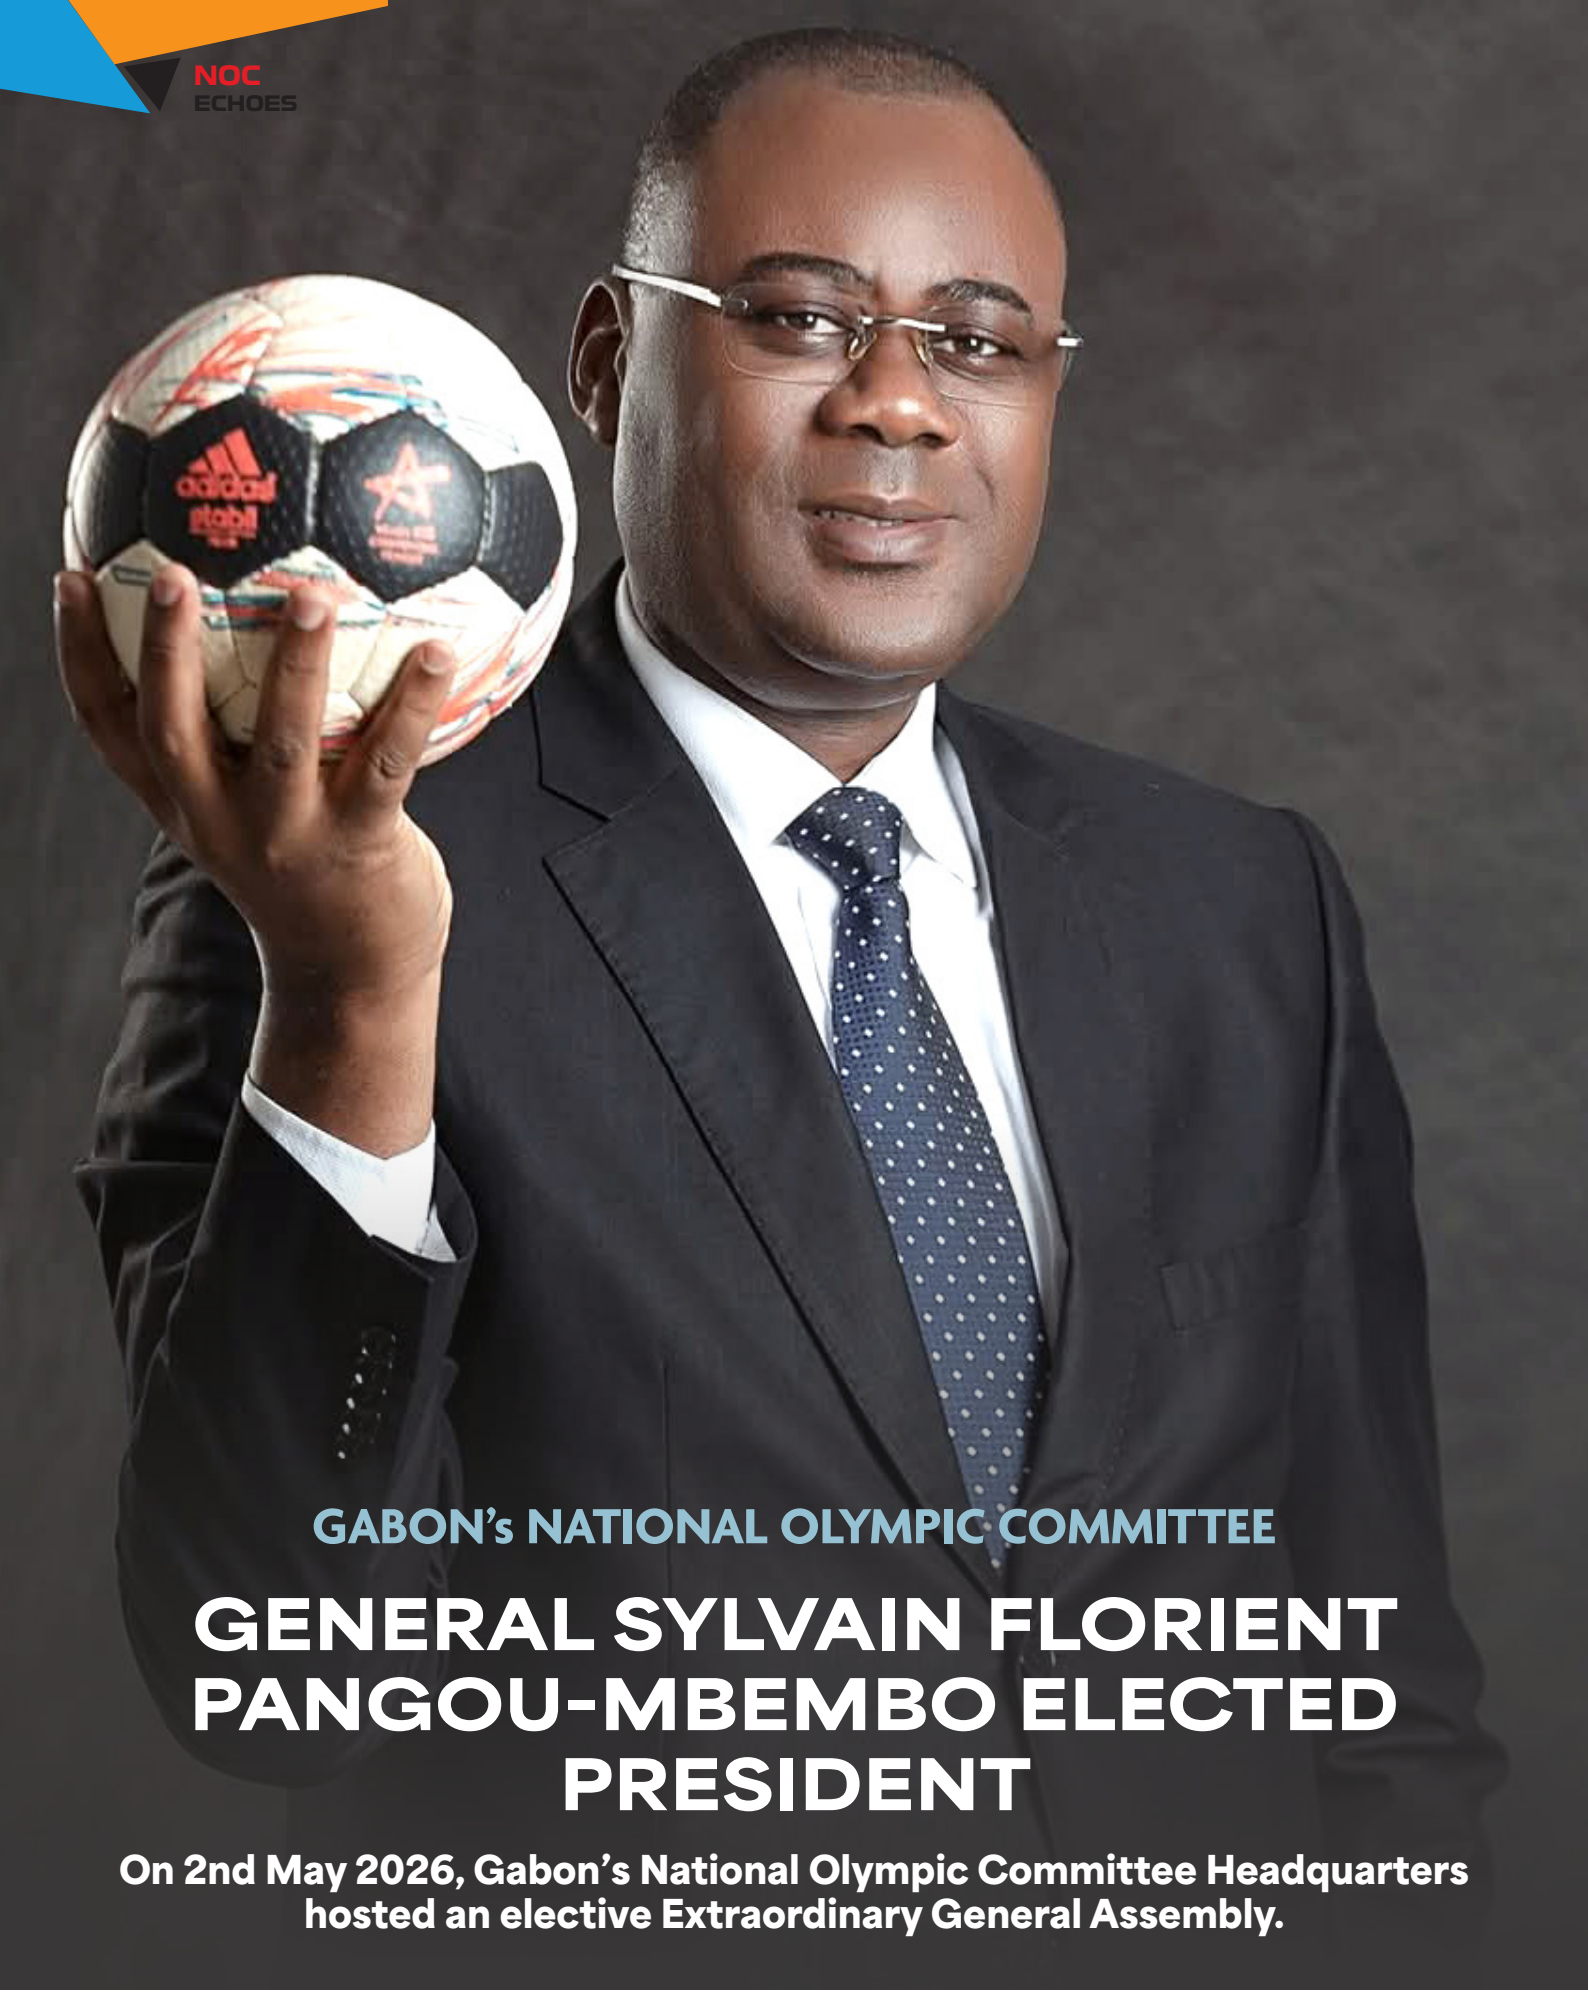

Deliberations concluded with a Regional Collaboration Roundtable, opening up the possibility for aligning national plans and collective action led by Zone VI, based on reciprocity and sharing of best practices.

ENGAGING REGIONAL OUTCOMES

The Forum produced tangible outcomes: comprehensive NOC Gender Equality Action Plans with costed priorities and accountability measures, collective endorsement of a sustainable regional collaboration framework, and reaffirmed commitment to the Johannesburg Declaration and the AUSC Region 5 Action Plan.

Participant commended the strong representation of the Government of Zimbabwe, which underscored the political will behind the region's gender equality agenda in sport. The final report presented by ZOC Secretary General, Ms C. Gadzirayi, paid tribute to Olympic Solidarity, ANOCA and Zone VI for their confidence in Zimbabwe, noting that the Victoria Falls outcomes were a solid foundation for accelerated implementation at national level. It further affirmed the participants' commitment to advancing gender equality and sport development, thus contributing actively to the broader Zone VI agenda.

GABON's NATIONAL OLYMPIC COMMITTEE

GENERAL SYLVAIN FLORIENT PANGOU-MBEMBO ELECTED PRESIDENT

On 2nd May 2026, Gabon's National Olympic Committee Headquarters hosted an elective Extraordinary General Assembly.

Contender at the helm of Gabon's National Olympic Committee (CNOG), General Sylvain Florient Pangou-Mbembo won the election with 10 votes, against 7 for his challenger Cresant Pambo and 1 vote for Marcel Mbele-Loussou.

It wasn't so much a surprise for the former President of the Gabonese Handball Federation (Fégahand). Based on a quadrennial programme titled " ***Together, let's build to modernize the Gabonese sports model***", Sylvain Florient Pangou Mbembo was able to convince the majority of voters made up of Federations Presidents. This project mainly emphasizes the promotion of Gabon's sports, the training of athletes, the defence of Olympic values as well as structural reforms aimed at putting the athlete at the heart of the CNOG.

Elected for a four-year term, the new President expressed satisfaction over the result, which he considered first of all as a collective success. This is what he said:

« ***Beyond my person, this result is for all. Campaigns are now behind us. We must work together. What unites us is our commitment***

and our love for the development of sports. This result is the outcome of our unity, our brotherhood and the methodology we used: Gabon is the winner. Therefore, it's a collective victory. »

Among his priorities, Sylvain Florient Pangou Mbembo intends to help Federations and Leagues structure themselves and get updated, with the aim to professionalize and modernize Sports in Gabon. In a common move, his intention is:

TO MODERNIZE SPORTS GOVERNANCE

Modernizing sports governance has become a challenge for any nation wishing to feature among developed nations in the area of sports.

As a matter of fact, it aims at guaranteeing the integrity of institutions, managing risks (corruption and poor management) and to involve the various partners (Athletes, Clubs, Ligues, Federations, the State and private partners) while following sports values.

Main actions	Strategic objectives	Targeted Actions
Design and implement CNOG's 2026-2030 strategic plan, in line with the vision of the President of the Republic, Head of State and Head of Government	Developing good governance tools	Drafting a national sports charter
		Implementing the administrative and financial manual of procedures and rules
	Fighting against corruption, violence and harassment in sports	Sensitization campaigns
	Involving federations in major decision-making phases	Setting a forum of exchange between federation presidents
	Defining and abiding by the criteria for the selection and award of scholarships	- Publishing the selection criteria for each international federation
	Harmonisation des mécanismes de contrôle et d'évaluation des performances	Créer et renforcer les compétences de la DTN du CNOG
	Harmonizing performance control and evaluation criteria	Developing and building NTD and CNOG's capacities
	Creating an engineering structure within the Marketing Commission to help the Gabonese sports movement accede to alternative sources of funding	Creation of an engineering structure within the Marketing Commission
	Promoting gender approach	Encouraging federations to include at least 30% of women in their EXCO
	Creating a Gabonese Arbitration Sports Tribunal	Starting related administrative procedures
	Creating an International Relations Commission	

THE OLYMPIC COMMITTEE OF MAURITIUS CELEBRATES GRADUATES OF THE 12TH BATCH OF THE ADVANCED SPORTS MANAGEMENT COURSE AND OFFICIALLY LAUNCHES THE ALUMNI NETWORK

On 27 March 2026 at the United Docks Business Park in Caudan Waterfront, the Mauritius Olympic Committee (MOC) organised a memorable evening party dedicated to the award of end-of course certificates to the 12th batch of the Advanced Sports Management Course (ASMC).

This event, which brought together participants from ASMC 1 to 12, celebrated more than a decade of Mauritius' excellence in sports management training. The ceremony culminated with the official award of diplomas to batch 12 of ASMC, thus representing both the end of their journey and the strengthening of Mauritius' sports movement.

During the same evening, the happy recipients officially launched the former students' network (Alumni). In the meantime, the new batch, ASMC 13, was being matriculated, thus marking the start of a new training cycle.

In his address, MOC President, Richard Papie, expressed his heartfelt gratitude to his predecessor, Philippe Hao Thyn Voon, who initiated the ASMC project, and had this to say: « ***Today, not only is this vision a reality, but it has also matured. ASMC Alumni is a powerful force for our Olympic movement and enjoys all my support as well as that of the Committee***».

He reminded, among other things, that the MOC 2.0 concept is based on transformation and innovation, mobilizing talents, competences and resources at the service of sports. He also indicated that, if ASMC das trained hundreds of sports officials throughout Africa and the world, few countries have succeeded to structure this knowledge into a national network. He said :

« ***Through the Alumni, Mauritius joins this global movement and positions itself as regional pioneer in the area of governance and innovation, capable of becoming a model for Africa. Alumni is not only a group of graduates; it's a strategic partner in Mauritius's sports development. Your experience is a bridge between world best practices and their implementation at local level. By officially launching this Alumni, Mauritius expresses its wish to become a hub of excellence and leadership for its athletes***».

MOC Secretary General, Mrs Aarti Gulrajani-Desscann for her part, commended graduates' commitment and determination:

« ***This evening is an important moment for Mauritian sport. It's a celebration, not only of graduates' success, but also the continuous commitment of the Mauritian Olympic Committee to train leaders who are able to develop our sports movement***».

She also put forward the importance of this

first inter-generational meeting between, various batches of ASMC, thus illustrating the programme's strength and continuity.

PROGRAMME'S DURABILITY AND CONTINUITY

According to the Programme Director, Sanjay Goboodun, this initiative, launched in 2009, plays a crucial role in strengthening leadership and governance in sports:

«***ASMC has created a real breeding-ground for human capacities which we wish to put at the disposal of Mauritian federations in order to promote the emergence of a new leadership*** ».

He also insists on the need to translate knowledge and experience into concrete actions and to maintain the graduates' involvement in the Olympic movement.

Another contribution, which was made virtually, came from former ADB official, Sahir Edoo, now Head of Development Projects at the Badminton World Fédération, who wished to share his experience:

« ***Knowledge acquired during my training at ASMC were crucial for my evolution at international level*** ».

Nundkishor Fakun, MOC President's advisor and graduate of the first batch, was the oldest graduate in attendance, symbolizing the programme's durability and evolution. The evening ended with a networking session, providing an opportunity for old and new graduates to exchange, in a spirit of collaboration and development at the service of Mauritian sport.

SENEGALESE NATIONAL OLYMPIC AND SPORTS COMMITTEE

THE GENERAL ASSEMBLY EXPRESSES SATISFACTION WITH THE EXECUTIVE BUREAU

Pursuant to instruments governing the functioning of its organs, the National Olympic and Sports Committee of Senegal (CNOSS) held its General Assembly on Saturday, 14th of March 2026 in Dakar.

This statutory meeting was marked by the presence of representatives from all national federations and sports groupings, members of Senegal's Olympic family. It served as a platform to review major achievements that marked the life of Federations and of the Olympic movement during the past years.

Through the Progress Report, the Financial Report and the Auditor's Report for 2022 - 2025 which were presented, the General Assembly took cognizance of major developments which happened within the CNOSS and its members during that period.

Following the Executive Committee, The General Assembly of the Organization headed by Mamadou Daigna NDIAYE expressed full satisfaction to the President and Bureau members for the job well done and unanimously adopted the various reports submitted.

POSITIONING SENEGAL'S OLYMPISM ON THE WORLD SCENE

The General Assembly, after having listened

to information provided by Dakar 2026 Youth Olympic Games' Organizing Committee on the state of preparedness of this event to be staged for the first time in Africa, congratulated Dakar 2026 YOGOC President and General Coordinator for the wonderful job done, and thanked the Highest Authorities for their crucial support for the preparation of this major event, which eventually positioned Senegal on the international scene. The General Assembly specifically welcomed the legacy which will benefit the national sports family after the Games.

The General Assembly, appreciating the context and challenges linked to the preparation and staging of the Dakar 2026 Youth Olympic Games, and considering that the CNOSS is member of the Organizing Committee of the Dakar Games which is chaired by CNOSS President and the need to ensure continuity in the preparation of this planetary event, has unanimously decided, notwithstanding provisions of Article 11.1.2.C of the Statutes, to extend the mandate of the Executive committee, the Executive bureau and the President as from December 2025 up to 22 December 2026.

URGENT NEED FOR A GOOD TRAINING OF ATHLETES FOR THE DAKAR YOG

CNOSS President informed members of his freely taken decision not to stand for a new term of office at the helm

of the national Olympic body at the end of the extended period. After having commended the President's gigantic achievements at the head of the Senegalese NOC, took note of his decision.

Representatives of national federations and sports groupings unanimously presented challenges and difficulties they face in their day-to-day activities, within a context marked by the urgent need for adequate athletes' preparation who will be defending Senegal's flag during the Dakar 2026 YOG.

This situation stems from the lack of a clear preparation programme, and inadequate support from the powers that be, so as to secure all necessary conditions for an honourable participation, and medal chances for athletes.

Representatives of national federations and sports groupings unanimously requested CNOSS President to enter into dialogue with Government Higher Authorities in order to sensitize and inform on this situation.

THE NATIONAL OLYMPIC AND SPORTS COMMITTEE OF RWANDA ASSESSES PROGRESS ACHIEVED AND DEFINES PRIORITIES

Rwanda's National Olympic and Sports Committee held its annual Ordinary General Assembly on 26 March 2026 at the Kigali Serena Hotel. The meeting was graced by the presence of 34 national sports Federations, in order to take stock of progress achieved and set priorities for the next year.

In her opening speech, the President of the RNOSC, Mrs UMULINGA Alice, expressed his gratitude to members and partners for their continuous collaboration, while stating the Assembly's objectives.

« ***As each year, we will review activities carried and discuss our next plans together. We count on your full participation to develop and approve plans for 2026, especially regarding the preparation of two major events: the Glasgow 2026 Commonwealth Games and the Dakar 2026 Youth Olympic Games. We will also see how we could revise the General Assembly's calendar to align it to our financial year***», she proposed.

With 77 % of resolutions implemented in 2025, the General Assembly renewed its commitment to further progress, with a strategic emphasis on the preparation of the Glasgow 2026 Commonwealth Games and the Dakar 2026 Youth Olympic Games.

The General Assembly also approved progress, financial and audit

reports for 2025, as well as the budget and Action plan for 2026. The Genocide Memorial Tournament was also validated and its committee was continued for the 2026 edition.

IN addition, the GA also approved the re-activation of nine commissions and the National Olympic Academy in order to support the implementation of programmes:

- **Athletes Commission**
- **High Performance Commission de la Haute Performance**
- **Olympism365 Commission**
- **Institutional communication, Digital Engagement and Technology Commission - e-Sports Commission**
- **Legal Affairs and Ethics Commission**
- **Gender Equality, Diversity and Inclusion Commission**
- **Health, Medical and science Commission**
- **Marketing and Partnerships Commission.**

NIGERIA'S NATIONAL OLYMPIC COMMITTEE COMMISSIONS AN OLYMPAFRICA CENTRE

On 29 April 2026 Nigeria's National Olympic Committee (NOC) commissioned the Olympafrica Centre and laid the foundation stone of the integrated Olympic city.

« ***No doubt that these initiatives have already yielded numerous major benefits*** », said Engr. Habu Ahmed Gumel, President of the National Olympic Committee of Nigeria (NOC), the main initiator and mastermind of the project.

Main benefits of the project lie on sports development at grassroots level, notably talent identification as well as successful inclusion of a residential complex within a sports environment.

According to Alassane Thierno Diack, Board of Directors President and General Manager of the Olympafrica Foundation, the Olympafrica Centre offers a structured platform to identify and train local young talents.

The Olympafrica Foundation was designed to use sports as a tool for youth development and community transformation across Africa. It works in close collaboration with the International Olympic Committee which provides the bulk of its funding.

The project also aims at establishing a strong base for the country's

talent development's chain, to prepare children to represent Nigeria at the coming Olympic Games, Commonwealth Games, World Championships, as well as other national and international sports competitions.

« ***This type of project is the first of its kind in Nigeria*** », said Olympian and NOC third Vice-President, Olumide Oyedeji, who chaired the committee in charge of launching the project.

This initiative will also enable many Nigerians, now aware of the importance of a healthy lifestyle, to adopt this innovative concept of an integrated lifestyle « ***Live-Train-Play*** ».

The 6.7 hectares plot was divided into two areas: 40 % reserved for the sports centre and 60 % for the residential complex. This layout creates an integrated community bringing together athletes, coaches and support structures, while improving life balance and sports performances.

MODERN AND RENOVATED INFRASTRUCTURE

The centre includes full infrastructure aimed at mobilizing youths and supporting sports activities inside as well as outside.

The present outer infrastructure includes a renovated cultural centre, a multipurpose playground, a covered stand for spectators as well as a standard football field and an eight-lane running track under construction.

INDOOR INFRASTRUCTURE

The indoors complex includes halls dedicated to combat and strength sports such as karate, taekwondo, wrestling

and weightlifting. There are also basketball and volleyball grounds as well as tennis lawns.

FINANCIAL AND ENVIRONMENTAL SUSTAINABILITY

For several decades, environmental and financial constraints have slowed down the development of this land provided by the Government of Lagos State in1990. The residential estate project based on the «build and sell» model will henceforth be used to attract investments and to provide the NOC with independent and sustainable revenues for a long-term maintenance of sports infrastructure.

COMMUNITY ENGAGEMENT AND YOUTHS EMPOWERMENT

According to Engr. Habu Gumel « ***community sports infrastructure is dedicated to social engagement and youth's empowerment***».

The complex will serve as a safe and functional environment in order to retain youths in productive activities. Thanks to its extra security post and its

heightened water tanks connected to borings, the infrastructure will also benefit to the neighbouring community of Amuwo Odofin.

For the President of the National Sports Commission, Mr Mallam Shehu Dikko, the NOC has also been able to « ***revive a piece of land that has been underexploited for 35 years*** ». Mallam Dikko was represented at the ceremony by Barrister Musa Ahmadu, Special Assistant at the NSC and former NFF official.

According to Mr Dan Ngerem, former President of the Nigerian Athletics Federation (AFN), who made a brief and surprise appearance at this historic event, the most striking aspect is that the committee was able to maintain the ownership of this land even 35 years later.

The two companies involved in the real estate projects are Ampharco Real Estate, managed by Mr. Joseph Chime, and Numero Homes, headed by Mrs Omowunmi Olalere.

Speaking on behalf of her partner, Mrs Olalere assured that a 24-month deadline had been set for the project delivery.

THE NATIONAL OLYMPIC COMMITTE OF ZAMBIA HOLDS ITS GENERAL ASSEMBLY FOR THE YEAR 2026

11 April 2026. National sports federations representatives came together to take stock of progress achieved, improve governance and discuss issues relating to the Olympic Movement in Zambia.

Victor Banda, NOCZ Treasurer and Chairman of the GAM, opened the meeting with an opening speech and transmitted a message from NOCZ President, Alfred Foloko. The latter reaffirmed the Committee's constant commitment in favour of good governance, support to athletes and the promotion of Olympism in Zambia and beyond.

During the meeting, NOCZ Secretary General/Director General, Boniface Kambikambi, highlighted the major achievements for 2025, including Zambia's participation and performances in major continental events. He pointed out that during the ANOCA African School Games in Algeria, Team Zambia won a bronze medal in judo. At the African Youth Games in Angola, Zambian athletes pocketed three bronze medals in judo, tennis and taekwondo. These results translate athletes' resolve, discipline and resilience, supported by a dedicated technical and administrative team.

The meeting also discussed on the Zambian e-Sport Federation and other sports bodies wishing to join the NOCZ. Furthermore, the General Assembly endorsed the appointment of Besa Chibwe, as Member of the NOCZ Board of Directors and Chairperson of the Legal and Ethics Commission, following her nomination by the executive Council, in accordance with NOCZ Statutes.

Also, the Assembly examined and adopted the 2025 executive report, as well as the audited accounts and the financial balance-sheet. It further decided to renew RSM Zambia Chartered Accountants' contract as the Committee's auditors for the next quadrennial.

One of the high points of this AGM was the announcement of the successful admission of the Zambian Boxing Federation into the World Boxing Association, in line with conditions laid down by the International Olympic Committee. This development guarantees continued participation of Zambian boxing both at Olympic and Commonwealth levels, including during the upcoming gatherings such as the 2026 Commonwealth Games in Glasgow and the 2026 Summer Youth Olympics in Dakar.

The General Assembly ended by the renewed commitment of delegates in favour of unity, collaboration and improved governance, while the NOCZ continues its efforts to push forward the Olympic movement and to develop sports in Zambia.

MAURITIAN NATIONAL OLYMPIC COMMITTEE LAUNCHES A WORKSHOP ON STRATEGIC PLANNING

A two-day Strategic Planning workshop held at The Docks in Port Louis, brought together key officials and partners of the Mauritian sports family, in order to forge the future development of sports and Olympism on the island.

Moderated by Robert Mutsauki, expert, consultant in sports management and specialist in strategic planning, originating from Zimbabwe, this first day set the tune of a process that will transform the Mauritian National Olympic Committee.

Sessions delved on the planning process and the new 2026-20330 strategic plan. This workshop is not just about planning: the ai mis to build a strong inclusive and competitive sports nation, in agreement with Olympic values, national priorities and international standards.

SÃO TOMÉ AND PRÍNCIPE OLYMPIC COMMITTEE

THE FIRST ATHLETES' NATIONAL FORUM LAUNCHES A ROADMAP FOR THE FUTURE OF SAO TOME'S SPORT

For the first time in its history, Sao Tome's Olympic Committee has equipped itself with a formal platform for dialogue between athletes and decision-makers. On the 2nd and 3rd June 2026, the Athletes' Commission and the National Olympic Committee jointly organized the 1st Athlete's National Forum at Sao Tome's Public University. It was a ground-breaking event that was also available online to enable athletes living abroad to participate.

For two days, sportsmen and women, officials, coaches and institutional representatives examined such crucial issues such as leadership, athletes' representation, their role within the Olympic Movement, mental health and wellbeing. This meeting highlighted the various challenges to be addressed by the national sport: dilapidated infrastructure, inadequate technical support, inadequate representation mechanisms, sports governance and ethical stakes.

Athletes Commission's Chairperson, Alex dos Anjos, set the tone from

the opening «*I wish to reassert my commitment to defend and make athletes' voice sound louder. This Forum provides a platform to exchange and listen to their opinions for a better future.* »

NOC President, João Costa Alegre for his part, reminded the urgent need to invest: «*Athletes' development is the path to success, but we must invest in talents. We cannot aim at victory without strong development structures. Athletes are at the centre of the Olympic Movement ad Sao Tome-and-Principe can no longer be satisfied with being a mere spectator on the international sports arena.* »

At the end of the meeting, participants made clear recommendations to public authorities and sports bodies:

- **Promoting the construction, the rehabilitation and the upgrading of existing sports infrastructure;**
- **Increasing athletes' technical and special support to ensure better training and competition conditions;**
- **Maintaining and increasing State's active role in the development of national sports;**
- **Creating capacity building**

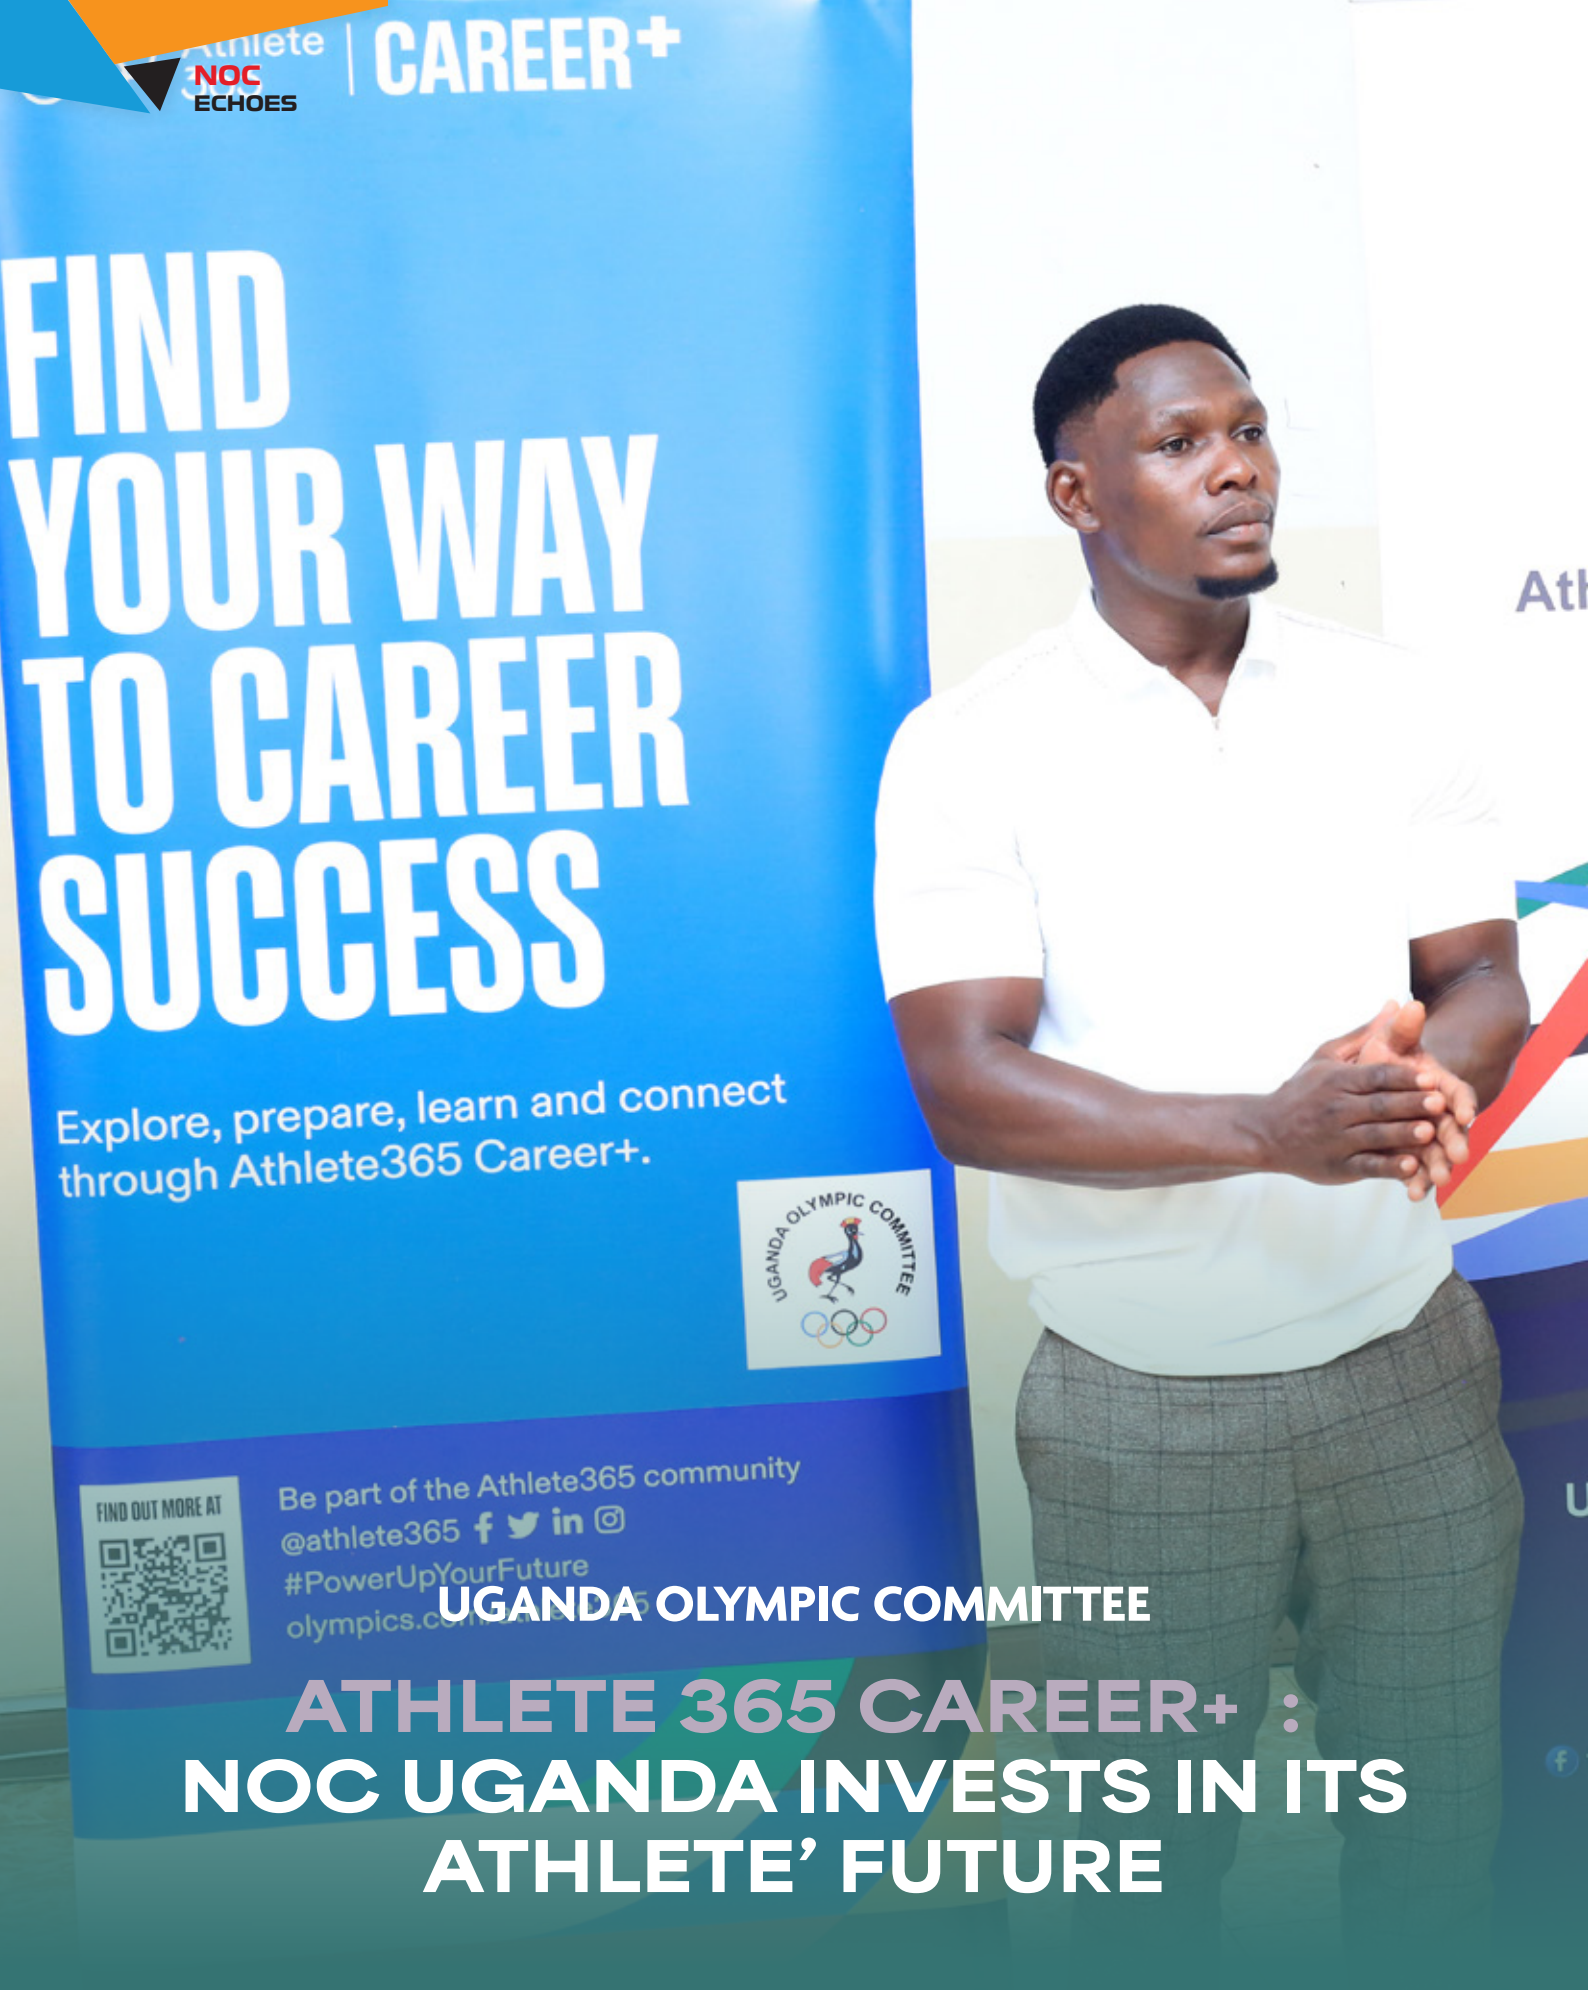

opportunities for trainers and athletes' representatives;

- **Intensifying sensitization and training in the fight against doping, and promoting the adoption of national antidoping laws;**
- **Increasing investment in the area of sports, building human resources capacities and developing a culture of transparency and accountability.**

The opening ceremony brought together high-ranking personalities including Martinho Nascimento, Minister of Sports' Director of Cabinet, and ANOCA Zone 4's Athletes Commission who participated virtually from abroad.

This first Athlete's National Forum marks a decisive turning point: the National Olympic Committee of Sao Tome-and-Principe henceforth has a sustainable dialogue platform which places athletes at the heart of the national sports policy.

UGANDA OLYMPIC COMMITTEE

ATHLETE 365 CAREER+ : NOC UGANDA INVESTS IN ITS ATHLETE' FUTURE

From 5 to 6 June 2026 in Kampala, the National Olympic Committee (NOC) of Uganda organized the Athlete 365 Career+ workshops, an initiative of the International Olympic Committee aimed at preparing athletes to life after competition. The opening ceremony was presided at by Dr. Donald Rukare, President of the Ugandan NOC President of Commonwealth Sport.

PREPARING ATHLETES FOR TRANSITION

These workshops are part of a global process aimed at supporting athletes even when their active career is over. Designed for athletes in rehabilitation phase their ai mis to:

- **Equip them with concrete career development tools to easily tackle life after sports;**
- **Build their personal and professional skills: leadership, communication and financial culture;**
- **Guide them in building a sustainable career by associating studies, job and sports practice;**

- **Presenting them opportunities offered to them by the Olympic Movement and the Athlete 365 Career+ platform;**
- **Promote networking and learning among peers from different national federations.**

SELF-DISCOVERY AND EMPLOYABILITY IN THE PROGRAMME

Sessions were moderated by Ganzi Semu Mugula, OLY, IOC authorized facilitator, with the support of the NOC's Athletes Commission, and were based on two themes: Self-Discovery and Resume Writing. They enabled participants to start an in-depth reflection on their skills, their ambitions and their positioning in the job market.

By investing in the training and resettlement of its athletes, NOC Uganda is wishes to show that athletes' support does not end at the level of the podium: it covers their entire lifespan, in line with values advocated by the Olympic Movement's Athlete 365 Platform.
